Amendment request (No AMD-101168560-9)

Dear Madam/Sir,

In connection with the above-mentioned project, I **request** the attached **amendment**.

It concerns the following changes:

1. Addition of a new beneficiary
2. Beneficiary termination
3. Change of Annex 1
4. Change of Annex 2

These change(s) are necessary for the following reason(s):

Please find hereby our request for an amendment to the GA of CoEvolution. Additionally to the suggested changes that were logged into the portal and the new PartB, we also provide the following documents:

- Additional supporting documents: An "amendment request letter" which provides the justification and rationale of the proposed changes. At the beginning of the document there are two tables: Tables 1 & 2 summarise the changes in PartA and PartB respectively.
- Opinion of the leaving beneficiary: a pdf with the letter from IMT requesting to leave the project.

The request is accompanied by the following supporting document(s):

Grant Agreement Data Sheet
Grant Agreement Annex 1
Grant Agreement Annex 2

 We acknowledge and understand that:

- substantial changes to the project (*e.g. project scope, consortium composition, budget, etc*) must be duly justified
- terminations cannot be retroactive and do not need to coincide with the end of work date (when

the work on the action was actually stopped). We understand that costs incurred after the end of work date are ineligible and cannot be charged to the project

- beneficiaries that enter in the context of a partial transfer of rights and obligations (PTRO; ‘partial takeover’) may be held jointly and severally liable for undue amounts paid to the beneficiary they replace (i.e recoveries).

Yours faithfully,
